

# MAY/JUNE 2005 NEWSLETTER

INSTITUTE OF TRANSPORTATION ENGINEERS - Northern California Section

## Section Awards

Angie Louie Fong, Traffic Engineer for the City of Sacramento, was honored with the Section's Distinguished Service Award at the May meeting.

Bryan Jungers from University of California, Davis and Scott Jones from California State University, Sacramento were presented with the Section's student awards. They will receive an all-expenses paid trip to the ITE District 6 Annual Meeting in Kalispell, Montana.

## Future Meetings

July 10-13, 2005 – District 6 Annual Meeting – Kalispell, Montana (Visit [www.westernite.org](http://www.westernite.org) for more information.)

September 16, 2005 – Lunch meeting at a location to be announced.

**Enjoy your summer vacation! See you in September!**

## Traffic Calming Practices Revisited

Mr. Aaron Hoyt from Fehr & Peers presented a summary of a 2004 survey of the traffic calming practices of 21 leading agencies at the May meeting. The survey focused on the range of program structures, processes, technical issues, and arterial treatments in use by the jurisdictions. The survey results were also compared to ITE's national report, "*Traffic Calming State of the Practice*" to better understand how policies and practices have evolved as the field has matured.

## 2005-2006 Northern California Section Officers

The 2005-2006 officers for the Northern California Section are:

President: Kate Binning (City of Sacramento)

Vice President: Matt Darrow (Sacramento County DOT)

Secretary: Larry Wymer (Omni-Means)

Treasurer: David Tokarski (DKS Associates)

## Second Section Traffic "Bowl"

At the June meeting the Section held its second annual traffic "bowl" at Country Club Lanes. All in attendance enjoyed the friendly competition and good company!
