

# October Section Lunch Meeting

## Sacramento River Crossings: Part 2 The Rosetta Stone Approach

**Fehr & Peers Principal Ron Milam** will present Part 2 of the Sacramento River Crossing Study, detailing public outreach, evaluation criteria, alternatives considered, and other technical challenges encountered in this contentious study. As the consultant project manager for the joint planning study conducted by the City of Sacramento and City of West Sacramento, Ron dealt with the challenges in translating technical information to a diverse group of stakeholders, and translating stakeholder input back into a concise need and purpose statement. Unique and innovative aspects of this study will also be shared, including the bus tour and the aerial gondola alternative.

**Date:** Thursday, October 20<sup>th</sup>

**Time:** 11:30 to 1:00

**Location:** City of Rancho Cordova – City Hall  
2729 Prospect Park Drive, Rancho Cordova, CA 95670
