Street Light Conversion and Computerized Maintenance Management System Projects for the City of Henderson, Nevada

ITE Western District President, Alyssa Reynolds, P.E., PTOE, will present recent efficiency efforts within the City of Henderson, NV. The City recently replaced nearly 30,000 street light fixtures with new induction lamps. Concurrently, the City implemented a Computerized Maintenance Management System. Alyssa will discuss the key features and lessons learned of each, as well as how the projects depended on each other for success.
