

NORCAL SECTION MEETING

Wednesday, February 17th

Time: **11:30 AM**

Location: **Zoom Meeting**

Cost: **Free**

Presentation

Transportation Liability and Risk Management

Rock Miller will be presenting on liability in traffic crashes with a focus on defense for public agencies and designers. He will discuss and include the following:

- How liability laws apply to California public agencies and designers.
- Where areas of major liability exposure can exist.
- How agencies and designers can reduce their risk.
- Why it is sometimes better to settle than to fight.

The material is condensed from the popular 8-hour class that Rock co-instructs for UC Berkeley Tech Transfer Program: *Meeting the Challenges of Transportation Liability and Risk Management*.

Presenter

Rock Miller, P.E., T.E.

Rock Miller is a past International President of ITE and has served in many other roles for the Institute. He is currently the chair of ITE's Transportation Forensics and Risk Management (TFARM) Committee. Rock has also served on the California Traffic Control Devices Committee and National Traffic Control Devices Committees. Rock has over 45 years of experience in many aspects of transportation engineering, including 11 year for public agencies and nearly 35 years in consulting. He is currently self-employed and working in traffic safety, urban bikeways, and as an expert in traffic litigation. Rock is based in Southern California but graduated from UC Davis prior to moving south.
